## PROFESSIONAL PROFILE

Since 1996 I have provided medical education to firefighters, first responders, EMT's, nurses, and paramedics, including natives from the Cayman Islands and Australia. My field experience during my twenty-five years as a Nationally-Registered paramedic ranges from primary EMS response, to land and air critical care transportation. During the last thirteen years, I have been a featured presenter at numerous local, state and national EMS conferences, speaking on a variety of medical and trauma topics.

---

## EXPERIENCE

10/19 to Present

***ProMedica Transportation Network***, Toledo, Ohio  
Primary Responsibilities: EMS Education Specialist  
Providing oversight and direction for ProMedica Transportation Network as well as community EMS education throughout all the regions ProMedica serves; working in collaboration with ProMedica Air and Mobile department leadership to provide and facilitate orientation, unit-based education, skill training, competency-based testing, in service education, with special emphasis on clinical care delivery; serving as a consultant in performance improvement efforts representing education.

11/15 to 09/19

***Acadian Companies – National EMS Academy***, Covington, Louisiana  
Primary Responsibilities: EMS Educator
